

## 'Agile Move'<sup>TM</sup> Programme

Our topical and compelling Agile virtual business simulation is for middle and senior managers making decisions involving teams.

The programme is based on a case study "RenHome" which allows participants to make 8 decisions that are typical in an Agile situation. Participants get instant feedback on the advantages and disadvantages of their decisions, what would have been the result of the alternative decisions and a score based on four Agile KPIs.

**CELEMI Agile Move<sup>TM</sup>**

## About the Agile Move Programme

This programme allows individuals globally to work in Agile teams using webcam, audio and Adobe Connect on a simulation that demonstrates 18 'Agile principles', developing the skills and thinking to apply them in your job.

This highly competitive and engaging simulation lets you discover the benefits of agile principles and learn to apply them to your daily work processes.

### What will I learn?

- A big-picture understanding of agile.
- The four key measurements to use in Agile Leadership
- Eighteen key Agile principles
- Understand the when and why of agile thinking.

Learn to adapt and respond to changing market conditions and outperform your competitors by applying agile principles in a VUCA world.

### How will I benefit from the Agile Move programme?

- Agile Move<sup>TM</sup> helps leaders move through the transformation required to meet the challenges of today's ever-changing world.
- You will be able to react better to market changes
- You will be able to coach Agile language and approaches with your colleagues at work.
